

Project & Principal Investigators

PROJECT

Project name

Project acronym (abbreviation)

Project description (in one sentence)

Principal investigator

Project investigator title

Project investigator first name

Project investigator last name

Project investigator email

Project investigator mobile phone

How many co-investigator ?

You have the possibility to include up to 4 co-invetigators

for example : Co-investigator 1

Co-investigator title

Co-investigator first name

Co-investigator last name

Co-investigator email

Co-investigator mobile phone

Project Proposal

SCIENTIFIC MERIT OF PROJECT (50% of overall assessment)

What is the scientific interest of the project ?

For instance, its importance to the field, its rationale, the level of innovation, its interest for the international scientific community, how it investigates the interaction between climate change and biodiversity loss, etc. You can upload documents if that support the scientific value of your project. You can also include diagrams or illustrations that provide additional clarity regarding your project.

Methodologies and working packages

Please provide a detailed description of the working packages, their objectives, and the key milestones planned to track progress. Please upload any documents that support the approach of your project if necessary

What are the expected results ?

Please upload any relevant documents.

OUTREACH (20% of overall assessment)

Dissemination and communication of results.

Please describe how the results will be disseminated, which audience this will aim to reach, and your outreach strategies to maximize the project's impact on its target audience. Please upload any relevant documents on the outreach and dissemination of your project

PROJECT ORGANIZATION AND TEAM (15% of overall assessment)

Project organization and team

Please describe the profiles of the team involved (provide the credentials/CVs of key team members) and include their roles and their experience with similar projects. In terms of project organization, describe the interactions between the different teams/institutions/universities involved in the project, and whether the project will adopt a transdisciplinary /interdisciplinary approach, for example. Please upload relevant documents such as CVs of the key team members or other aspects regarding the organization of the team.

IMPACT OF FUNDING (5% of overall assessment)

What is the importance of the requested funding for launching or continuing the project?

Explain the relevance of funding from the BNP Paribas Foundation Climate & Biodiversity Initiative for your project on ocean and coastal ecosystems: for example, why the project might not be eligible for traditional funding.

INTERNATIONAL REACH (5% of overall assessment)

Where will the project and/or field work take place?

Describe, for example, if any local communities will be involved to ensure project feasibility (e.g. fishing communities, Indigenous communities, people with specific local knowledge, etc.).

ASSESSMENT OF POTENTIAL RISKS (5% of overall assessment)

Are there any risks that could impede the project?

Describe, for example, if there are any geopolitical, economic, social or environmental risks, data or methodological risks, ethical issues, etc.

Budget refer to page 17 in the guide

PROJECT BUDGET

What is the total funding necessary for your project?

What is your requested funding from BNP Paribas Foundation (800 000€ maximum)?

The requested funding must not exceed 800k€ per project over a 3-year period; minimum amount is 100k€. The funding from the BNP Paribas Foundation must represent between 25% and 60% of the total budget of the project.

Do you have specific needs for an additional funding? *If yes, please justify your request in the section below.*

If you have specific needs for an additional funding beyond €800,000 and up to €1,000,000, please describe how you think it could contribute to the success of your project?

BNP PARIBAS FOUNDATION GRANT SPECIFICATIONS

BREAKDOWN OF REQUESTED FUNDING FROM BNP PARIBAS FOUNDATION

BNP PARIBAS FOUNDATION GRANT SPLIT PER SCIENTIFIC PARTNERS

How the BNP Paribas Foundation grant will be allocated (scientific partners)?

HOW DO YOU FINANCE THE REST?

Key Performance Indicators 1

PROJECT KPIS

The principal investigator(s) is(are):

Man

Woman

Total number of men in the project

Total number of women in the project

Science field(s)

RESEARCH TEAM SPLIT

Number of senior researchers (= above 40years or PhD+7years)

Number of junior researchers (= below 40years or PhD-7years)

Number of permanent researchers

Number of temporary researchers

Number of engineers

Number of PhD students

Number of technicians

Key Performance Indicators 2

CONTRIBUTION TO THE OCEAN DECADE

Does your project contribute to one or more Ocean Decade criteria? (maximum three)

- Challenge 1. Understand and beat marine pollution
- Challenge 2 'Protect and restore ecosystems and biodiversity'
- Challenge 3. Sustainably nourish the global population
- Challenge 3. Sustainably nourish the global population
- Challenge 5. Unlock ocean-based solutions to climate change
- Challenge 6. Increase community resilience to ocean and coastal risks
- Challenge 7. Sustainably expand the Global Ocean Observing System
- Challenge 8 'Create a digital representation of the ocean'
- Challenge 9. Skills, knowledge, technology and participation for all
- Challenge 10. Restore society's relationship with the ocean

CONTRIBUTION TO THE 17 SUSTAINABLE DEVELOPMENT GOALS

Does your project contribute to one or more Sustainable Development Goals? (maximum three)

1. No poverty
2. Zero hunger
3. Good health and well-being
4. Quality education
5. Gender equality
6. Clean water and sanitation
7. Affordable and clean energy
8. Decent work and economic growth
9. Industry, innovation and infrastructure
10. Reduce inequalities
11. Sustainable cities and communities
12. Responsible consumption and production
13. Climate action
14. Life below water
15. Life on land
16. Peace, justice and strong institutions
17. Partnership for the goals

OTHERS INDICATORS

Area of intervention

Education to sustainable development

- Learning a foreign language
- Awareness to science
- Citizenship Education
- Discovery of memory and historical sites
- Arts and heritage education
- Economic and business discovery
- Olympic and Paralympic Games

Geographical area

- France and French overseas departments and territories
- Europe
- International outside Europe

Target population

- Kids aged 0-12
- Young people aged 13-25
- Adults aged 26-65
- Senior over 66
- All audiences

Communication Aspects

COMMUNICATION ASPECTS

These questions will be used for future communication if your project is selected at the end

Project summary (short)

Please provide a short summary of your project (300 words or less). The information provided in this section will be used for communications materials if your project is selected for funding.

Long summary - Context

The first question concerns the context of your project in 300 words or less

Project goals

Please describe the aims of the project (300 words or less).

The scientific interest of the project

Please summarize the scientific interest of your project (300 words or less).

Outreach actions

Please describe planned actions to disseminate results or raise awareness (300 words or less).

Principal investigator(s) title

Please specify the title of each principal investigator.

Principal Investigator quote

We encourage you to supply a quote about your project for communications materials.

Image that represents your project (upload file)

We encourage you to upload an image that represents your project if possible (please include credits).

Photo of principal investigator(s)

We encourage you to provide a photo of the principal investigator(s) to use in communications materials.
